

Kindergarten Countdown Camp Volunteers Needed!

We need volunteers to spend an hour in a classroom reading with kindergartners!

120 children in Lake County will attend a “Kindergarten Countdown Camp” this summer. Learning the joy of reading is an important piece of this camp and we need volunteers to demonstrate how much fun reading a book can be!

Reading with young students brings books to life and shows them how entertaining reading can be!

These children come from low-income families – so many don’t have books at home. Introducing them to the concept of books, stories and reading is an important milestone for them as they prepare to enter kindergarten this fall.
